Dear colleagues and friends

It is a great honor to cordially invite you to the “2nd İstanbul Microneurosurgery Course”. As we are building the course traditions to cover the main components of microneurosurgery we combined hands-on cadaver dissection and live surgery.

First two days, through fiber dissection workshop all participants will learn to three dimensional anatomy of the human brain. In the following days, by observing live surgery, lectures and discussions, the significance of mastering the fiber system will be experienced directly by the participants. The combination of a hands-on cadaver dissection with live surgery makes this course special.

Professor M. Gazi Yaşargil, who originated the idea of such course, will be among us. This is a once in a lifetime opportunity for all participants to learn the principles of microneurosurgery from the founder himself. We are pleased to announce that this year’s “Special Guest,” Professor Anton Valavanis; student and later associate of Professor Yaşargil, who is recognized as one of the leading interventional neuroradiologist worldwide. Contributions from international experts will improve the quality of this course.

We are looking forward to welcoming you from all over the world for our course.

Sincerely

Uğur Türe

COURSE FACULTY

Course Director
Uğur Türe, M. D.
Professor and Chairman
Department of Neurosurgery, Yeditepe University School of Medicine, İstanbul, Turkey

Honored Guest
M. Gazi Yaşargil, M.D.
Professor
Department of Neurosurgery
UAMS, Little Rock, Arkansas, USA

Special Guest
Anton Valavanis, M.D.
Professor and Chairman
Institute of Neuroradiology
University Hospital Zurich
Zurich, Switzerland

Berrin Aktekin, M.D.
Professor, Department of Neurology
Yeditepe University School of Medicine
İstanbul, Turkey

Başar Atalay, M.D.
Associate Professor
Department of Neurosurgery
Yeditepe University School of Medicine
İstanbul, Turkey

Canan Aykut Bingöl, M.D.
Professor and Chairman
Department of Neurology
Yeditepe University School of Medicine
İstanbul, Turkey

Zeynep Firat, Ph.D.
Department of Radiology
Yeditepe University School of Medicine
İstanbul, Turkey

Sanford P.C. Hsu, M.D.
Asistant Professor, Department of Neurosurgery, National Yang Ming University, Taipei, Taiwan

Paulo Abdo Do Seixo Kadri, M.D.
Asistant Professor, Department of Neurosurgery, Federal University of Mato Grosso so Sul, Campo Grande, Brasil

Niklaus Krayenbühl, M.D.
Assistant Professor
Department of Neurosurgery
University Hospital Zurich
Zurich, Switzerland

Wolfgang Weninger, M.D.
Professor, Center of Anatomy and Cell Biology, Medical University of Vienna
Vienna, Austria

Stefan Wolfsberger, M.D.
Associate Professor
Department of Neurosurgery
Medical University of Vienna
Vienna, Austria

Dianne C. H. Yaşargil, R.N.
Department of Neurosurgery
UAMS, Little Rock, Arkansas, USA
